

Easy Access

The city of Sagami-hara aims to develop its industry and economy, as well as to further improve its citizens' quality of life.

In addition to its existing easy access to major cities around the metropolitan area as well as to Haneda Airport, the future extension plan for the Odakyu-Tama Line promises further reinforcement to the railroad network upon its implementation.

Also, once the "Linear Chuo Shinkansen", the expected new artery of the nation, starts its operation, access to both Chukyo and Kinki areas will be drastically improved.

Sagami-hara City Mascot - "Sagamin"

*The required time displayed is the fastest time expected.

Sagamihara City

"Sagamihara – the city of rich water" is blessed with both rich nature around water resources and integrated urban functions.

MIDORI ward

"Town with the merits of both nature and city – Midori Ward"

The district is blessed with the merits of urban culture and nature. Among the vast, nature-rich scenery of forest, lakes and rivers that change their colors by seasons, camping, fishing, boating and other outdoor activities can be enjoyed.

Expected to become more and more convenient

The Linear Chuo Shinkansen is promised to be the traffic artery of the future. A new station is planned to be built near Hashimoto Station.

Filled with Art!

Fujino district is filled with art spaces and outdoor art pieces! Hone your artistic sensibility in natural surroundings!

Enjoy Outdoor Sports!!

In addition to boating and canoeing, the surface of the lake, fringed with deep forest, provides reflections of beautiful seasonal features, such as cherry blossoms, summer night's fireworks, autumn foliage, and smelt fishing in winter.

Abundant Water Resources of "the City of Rich Water"

"Ebirasawa Waterfall" is considered as the most beautiful waterfall located within the city. The impressive sound of falling water calms people's mind and makes it a popular spot to feel mystical energy.

CHUO ward

"Town filled with vitality and hope for the future – Chuo Ward"

Being the central area for the administration of the city, the district also becomes a popular spot for cherry blossom viewing. Various facilities for sports and culture, as well as the cutting edge space science research "JAXA" are located in the district, making it the symbol of future and vitality for Sagami-hara.

Cherry Blossoming Sagami-hara

The city is filled with great spots for cherry blossom viewing, including Muratomi Jinja Shrine, Kanuma Park, and Shiyakusho Sakura-dori (City hall cherry blossom street), which was selected as one of the "100 Famous Flower Viewing Spots of Kanagawa".

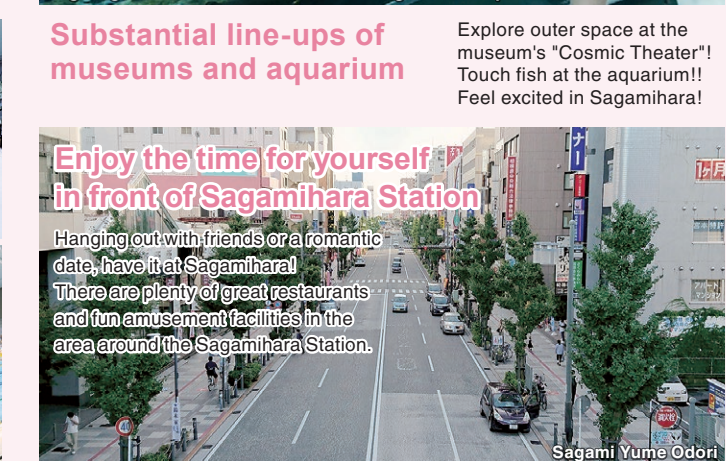

Town connected to space

JAXA Sagami-hara Campus is the base for space science research that created many rockets and satellites, including Hayabusa2, an asteroid probe now on its voyage to an asteroid named "Ryugu" with a mission to collect samples and return home.

Sagamihara × Sports Towards a city filled with dreams, inspiration and smiles!

The town is equipped with a wide range of sporting facilities, from general use for casual swimming or skating, to nationally rare competition-level practice courses for sports such as skateboarding, in-line skating and BMX, in the hope of bringing smiles and inspiration through sports.

Substantial line-ups of museums and aquarium

Explore outer space at the museum's "Cosmic Theater"! Touch fish at the aquarium!! Feel excited in Sagami-hara!

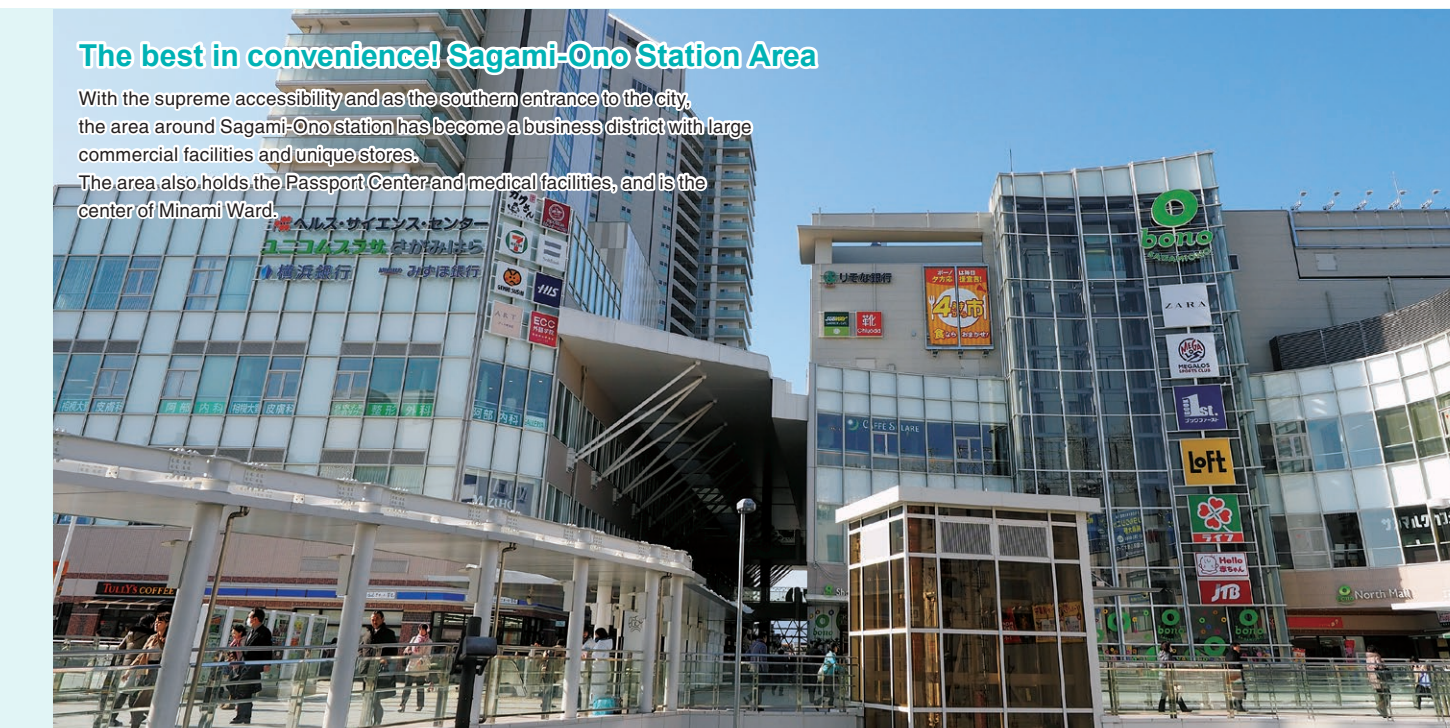

Enjoy the time for yourself in front of Sagami-hara Station

Hanging out with friends or a romantic date, have it at Sagami-hara! There are plenty of great restaurants and fun amusement facilities in the area around the Sagami-hara Station.

MINAMI ward

"Town bustling with people coming and going – Minami Ward"

While having superior convenience and being filled with the vitality of a large-scale business district, the area is also equipped with substantial relaxation places such as parks and green areas.

The best in convenience! Sagami-Ono Station Area

With the supreme accessibility and as the southern entrance to the city, the area around Sagami-Ono station has become a business district with large commercial facilities and unique stores. The area also holds the Passport Center and medical facilities, and is the center of Minami Ward.

Feel the scent of fine art in Sagami-Ono

Sagami Women's University Green Hall (a.k.a., Sagami-hara Civic Hall) hosts a wide range of performing arts, from concerts, ballet and musicals to theater arts.

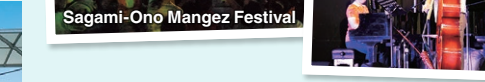

Enjoy Sports Game Watching!

Enjoy watching powerful games of track and field, soccer, rugby and more at the stadium capable of hosting them all!

Escape from the hustle and bustle, and take a breather Sagami-Ono Central Park

Providing a place to enjoy the changing of the seasons, despite its location close to the station, the park is popular among the local people.

Spend a relaxing time among the ever-changing seasons

The city's representative park is filled with beautifully blooming seasonal flowers, including clematis and hydrangea. The park also houses a 55-meter-tall observation platform, lawn area and petting zoo area.
